1. Keep children and animals away from working area as smaller parts may cause choking if swallowed.

2. Never place liquids or anything damp upon furniture as it will mark. Ensure a coaster or running is beneath.

3. Never use ammonia based cleaning products as it will damage the finish.

4. To avoid fading, keep furniture out of direct sunlight.

5. Use a soft or damp cloth (dry cloth) when wiping or cleaning surfaces.

6. Two person are required.

7. Lay a soft matt down to protect the furniture piece before and during assembly.

So your relationship is strong. But is it flat-pack furniture strong? Unless you're an aerospace engineer, assembling furniture can be slightly stressful. We recommend meditating quietly, pouring yourself a herbal tea (or slightly less herbal wine) and tackling things one step at a time. If you feel a passive aggressive remark coming on, try a compliment instead. E.g. "You're so good looking."

This 3-step assembly should take around 18 minutes with an Allen Key- or 12 minutes with an electric drill.
Godspeed.
