### Reminder :

During the step, do not use force to pull away when get stuck during installation, to avoid the product damage.

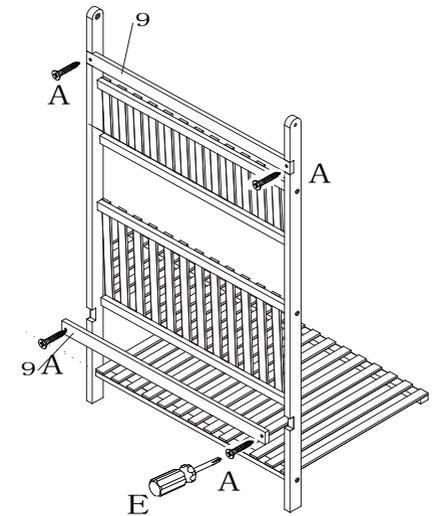

Please pay attention not to tighten each hardware at once during installation. wait for all the hardware assembly before fixing and tightening.

## Step

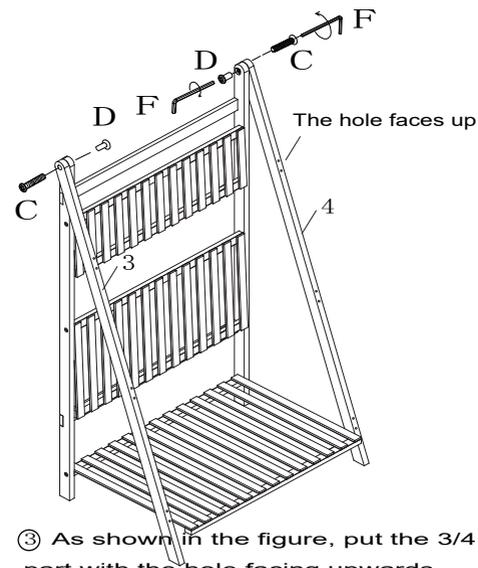

Note that the large hole faces inward

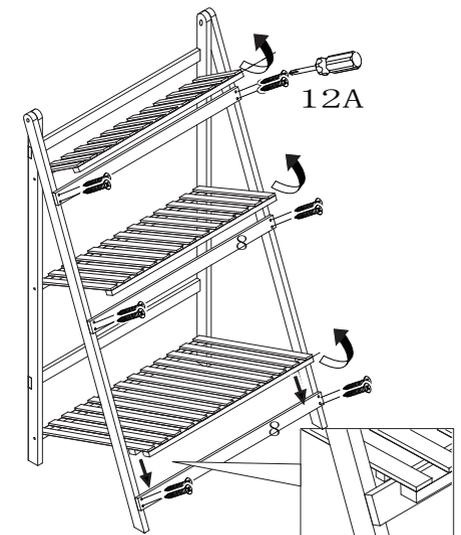

① As shown in the figure, the opening of part 1/2 is facing backward, and the board 5/6/7 is assembled with hardware B.

② Insert part 9 into the opening as shown in the figure, and assemble it with hardware A.

③ As shown in the figure, put the 3/4 part with the hole facing upwards and the big hole facing outwards, and assemble it with hardware C.D.

④ Turn part 5/6/7 upside down and assemble part 8 with hardware A as shown. Note that, clamp board 7 to part 8 as the arrow.
