

Assembly Manual

Safety Precautions (Strictly Follow for Safety)

To prevent potential hazards and ensure safe use of this product, please adhere to the following precautions. Be sure to read this manual before use.

--	--

Warning Sign		Prohibition Sign	
	The item must be placed level, as tipping it over may cause injury.		This product is designed for use by up to three people only. Do not exceed the specified number of users.
	Please do not jump on the seat, as it may cause damage and injury.		Please do not sit on the backrest or armrests, as tipping and damage may cause injury.

Warning Sign		Prohibition Sign	
	When moving the product, make sure to drag it by the body. Pulling the product by its slanted surface may damage the fabric due to the weight.		When assembling the legs, please work on a carpet or similar surface to avoid damaging the floor.
	Please do not sit on the backrest or armrests, as tipping and damage may cause injury.		Do not use or install in high-temperature areas such as near heaters, as it may cause fire, deformation, or discoloration.
	Please do not sit on the backrest or armrests, as tipping and damage may cause injury.		When using on floors or tiles, place a carpet or similar material underneath to prevent damage to the flooring or tiles.

When removed from the bag, there may sometimes be a residual odor. This is not harmful to the human body. If there is an odor, place the item in a cool, well-ventilated area for 4-5 days before use. Please note that the fabric of this product may have some color fading.

Do not unzip the main body to expose the foam padding on the surface. The zipper on the cover is designed to secure the internal foam padding. Since the outer cover cannot be machine washed, please do not remove it as this may cause damage.

Care & Maintenance
When there are stains on the surface, use a clean cloth dampened with diluted neutral detergent to gently wipe the surface until the stain is removed. Avoid using solvents, organic extracts, and bleach, as they may cause the fabric to fade.

Maintenance Inspection
If pests are detected, immediately perform pest control treatments. Since pests can enter from other areas, also carry out pest prevention measures around the room.

* Please keep this manual in a safe place for future reference if needed.

Parts List

Trapezoidal Legs x 4

Metal Legs x 3

Screw x 16

Hex Wrench x 1

Assembly Method

1

* Pay attention to the direction of the sofa legs as shown in the diagram, and sequentially tighten the sofa legs with screws.

2

* Align the middle legs of the sofa with the holes and tighten to complete the installation
